VIRDISONS INDUSTRIES PRIVATE LIMITED

Virdisons Industries journey was started in the year 1970 and officially registered in 2002 with the name M/s SS Engineering. In the year 2019 the company name was changed as **Virdisons Industries Private Limited** and presently continued with the same name and stands for testimony of the groups belief in the power of partnerships.

Our long standing relationships with our customers is owing to the high quality standards of quality and customer services, that we set for ourselves from its humble beginning by the founder **Mr. Kulvinder Singh**. He was convinced that the versatility and the diverse application of the suspensions held great promise and went on to create.

Virdisons Industries PVT LTD is an ISO 9001:2015 CERTIFIED

VISION

To grow and wants to be a first priority of OEM's in the field of suspensions manufacturing

MISSION

We strive to provide increasing value to our customer's businesses. As a best quality suspensions provider we continually try to enhance our capabilities in the following ;-

1. Our manufacturing technologies 2. Our Value: Cost Ratios 3. Value-added customer services

VALUE

Today, organizations need to continually evolve themselves in order to adapt to the changing paradigm. The ever-changing trends are revolutionizing the way businesses have been functioning, and the transformative ways to deal with them are setting altogether new business definitions. Virdisons realize that business value overlaps across different processes and business verticals, and thus, as a supplier and manufacturer, we deliver paramount performance and reliable tangible service. Enterprise-wide knowledge and experience of our team members helps us deal with challenges in real-time and make decisions that pave way for sustained growth. The volatile market demands innovation, which is also a result of elevated customer expectations. At the same time, adhering to the regulatory standards is a critical aspect for any business.

Virdisons moves forwards addressing all of these, while doing its bit for the environment as well.

OUR BELIEF

We believe that great workplaces do not evolve overnight and that conscious efforts are required to develop a sense of belonging. One important aspect of the work culture is the mutual respect among employees. While we ensure that the work is challenging in a positive way, we also ensure that our business is interspersed with elements of fun through sports, celebration of festivals and opportunities for employees' engagement. Additionally, we make constant efforts to involve the family members of employees. After all, our Endeavour is to create a workplace where people look forward to come every day and get inspired to achieve great things together. This is perhaps the reason behind our company being one of the best places to work on a consistent basis. :

Business Philosophy

- Customer First
